**IDEAS
THAT WORK.**

IVPS IS AN ENGINEERING MANAGEMENT AND DEVELOPMENT CONSULTANCY DELIVERING INNOVATIVE SOLUTIONS FOR OUR CLIENTS AND PARTNERS

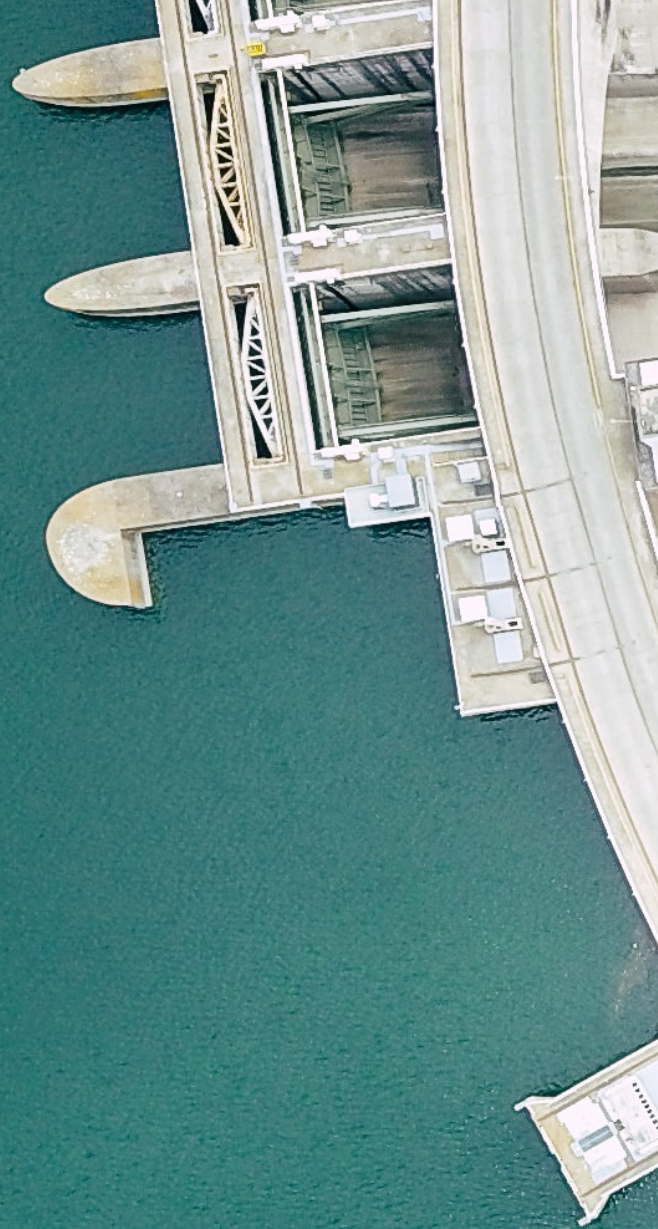

Founded in the year 2011, IVPS Infra is the brain child of a bunch of like-minded professionals – Virendra Singh Indra Singh, and Priyanka Singh, all having a phenomenal experience in the domain of engineering and project consultancy (EPC).

On 12th October 2020, the trio attained yet another milestone with the incorporation of IVPS Infra Pvt. Ltd under the companies act 1956.

Today, we are an ISO 9001:2015 & OHSAS 45001:2018 certified company with a sizable team of 30+ engineers working on varied EPC projects.

Our services in assorted sectors including Water distribution network, Buildings and Industrial Plant, Hydropower and Dams & Irrigation has been commendable.

We aim at providing Infrastructure Visionary Projects Solutions to help our clients get a clear solution roadmap of their intricate problems, thereby enabling them to attain unconquered heights in their respective business

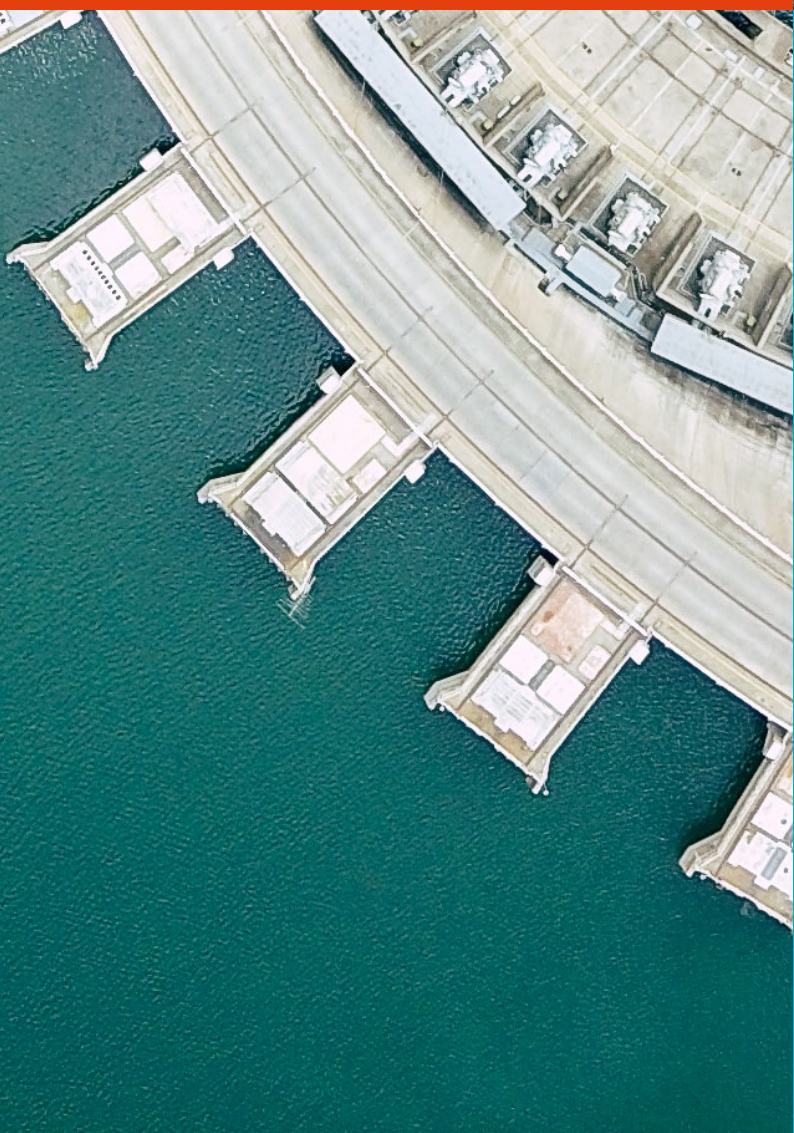

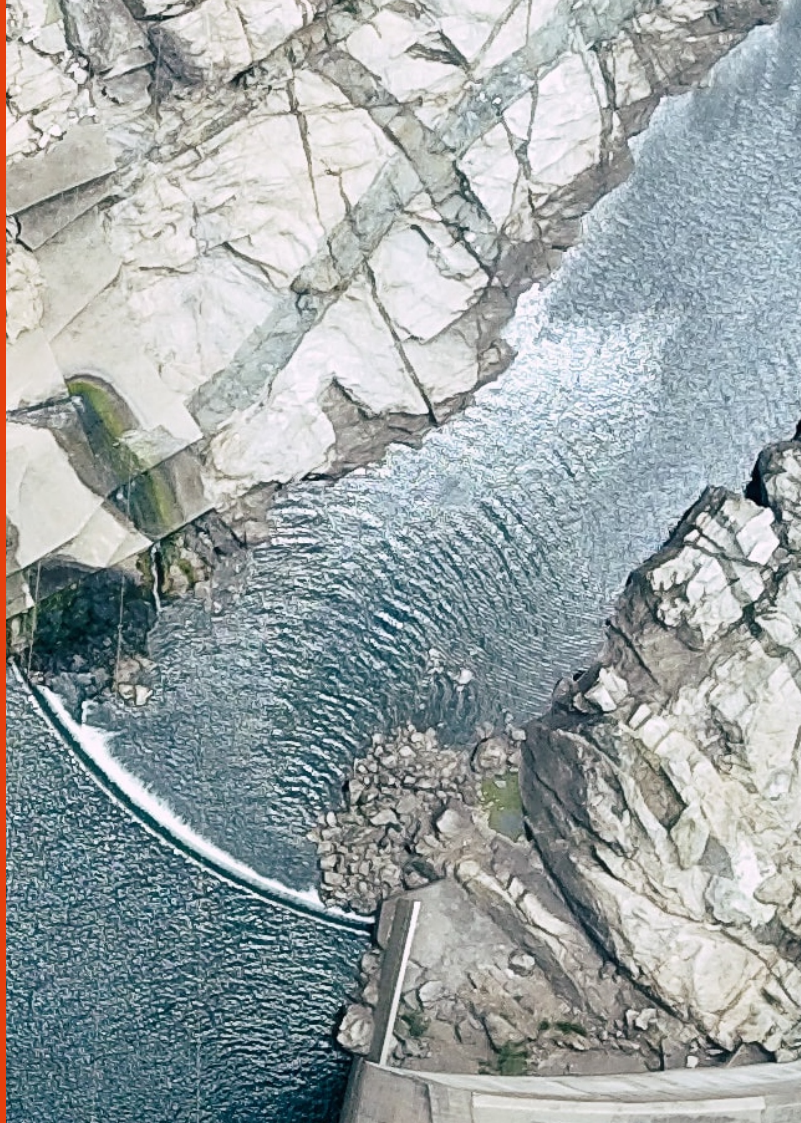

MISSION

To diversify our existence in the local and global market via both joint ventures and strategic tie-ups.

To help our clients create benchmarks with superior quality and timely project completion.

To become a globally recognized force in the engineering, construction, and consultancy domain

VISION

To facilitate our customers, stakeholders and collaborators with unmatched deliverables.

To providing the best services to our clients without compromising on our fundamental values.

To become a globally recognized force in the engineering, construction and consultancy domain

CORE VALUES

WE WORK TO CARVE OUT AN UNSURPASSED REPUTATION FOR OUR QUALITY, INTEGRITY, CONTINUITY, AND ETHICS.

QUALITY

At IVPS, all our advice and recommendations rely on the cost combination of methods, information research, creativity, and internal quality assurance.

CONTINUITY

We believe long-term continuity of relations and quality services to be the guarantee of accomplished client satisfaction.

INTEGRITY

Working in a respectful and stimulating environment is important to us at IVPS.

ETHICS

For IVPS, ethics means ensuring the confidentiality and uniqueness of the service we provide to our customers. We assure providing made-to-measure services to our clients, without recycling them for their competitors.

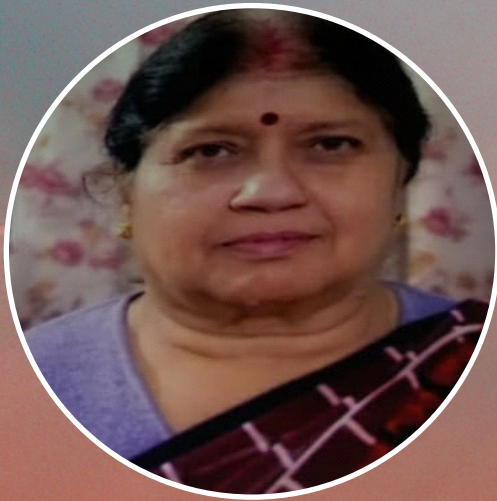

THE FORCE BEHIND IVPS

MR. VIRENDRA SINGH

EMERITUS

Mr. Virendra Singh is a leader par excellence, and his vision, ideals, and dedication has played key roles in the overall growth of the organization. He has vast management skills that lead him to fulfil his vision in reality. He is a Retired Professor, having served for more than 40 years, working towards improving the reach of education in rural areas of our country.

MRS. INDRA SINGH

EMERITUS

Mrs. Indra Singh is a first-generation entrepreneur, an influencer and a true mentor. Her visionary support has created a benchmark for the success of IVPS Infra.

MRS. PRIYANKA SINGH

DIRECTOR

Mrs. Priyanka Singh is a co-founder and inspired woman. She always tries to inspire and empower other team members to write a success story for the IVPS.

THE PILLARS OF IVPS INFRA

MR. SANTOSH KUMAR SINGH

EXECUTIVE DIRECTOR (BD & OPERATIONS)

14 years of experience in Business Development and Operations in Infrastructure Projects across India and Abroad. His core focus lies in Risk Identification and Mitigation by developing a client-centric approach to project identification, followed by its initial assessment and bid management. He is adept at developing bid-stage construction documents and verifying contract obligations.

MR. VIVEK GUPTA

EXECUTIVE DIRECTOR (ENGINEERING & CONSTRUCTION)

A Graduate Civil Engineer & a seasoned professional in the infrastructure construction with more than two decades of experience in executing construction projects across India & abroad. His hands-on command of investigations, Tender Estimation, Material surveys, Execution procedures & Quality control doctrines make him an invaluable team member.

MR. BASHISHTHA RAI

SR. DESIGN CONSULTANT

An accomplished civil engineer with in-depth knowledge of the application and construction materials with an excellent command over industry and regulatory standards, design criteria, and codes relevant to the discipline. He has contributed to various water resources projects in India and abroad while working for the Central Water Commission and the Government of India for over 40 years.

THE PILLARS OF IVPS INFRA

MR. NARENDRA PRAKASH PANCHOLI

SR. CONSTRUCTION CONSULTANT

An experienced construction manager with a portfolio of leading key infrastructure projects in India and abroad for 47 years while being associated with WRD, Rajasthan, and other leading enterprises. He has an apt eye for the practical management and planning of every stage of a construction project and overseeing multiple projects simultaneously while serving as the worksite representative.

MR. MUKUL BAHUGUNA

MANAGER (BD & OPERATIONS)

He has served the construction sector for the past ten years in various capacities at India's leading enterprises. He has a knack for understanding the scope of work and developing efficient strategies with key stakeholders and subject matter experts on project development.

MR. YASH DIXIT

DESIGN ENGINEER

Civil design engineer with 8 years of experience in structural engineering principles and practices in preparing complex engineering analysis. He has strong analytical skills in the advanced structural and geotechnical design of foundations. He is highly proficient in structural dynamics and finite element analysis with familiarity with international codes and standards related to design engineering.

WHY SHOULD YOU CHOOSE US?

WE PARTNER WITH YOU TO ENSURE SUCCESS FOR YOUR PROJECT

We offer cost-effective business solutions to successfully deliver projects on time and within the given budget

We support our clients with the suitability of materials and equipment as per market standards and project demand.

Our one-of-a-kind, end-to-end project management services have infused fresh air in the Indian construction industry.

We provide result-centric solutions and a roadmap to clear hurdles for every aspect of projects. Our team carries out necessary communication with the stakeholders during the complete project cycle not only in India but also overseas.

Our clients and stakeholders have acknowledged our complete support from concept to completion of the project, during the complete bid process, award of contract, design and engineering, vendor selection, logistics, client and other stakeholder coordination, project management consultancy during the execution phase with support for Invoicing and successful completion of projects.

HOW DO WE SERVE YOU?

Our Facilities make way for an efficient management solution & technique for growing and cultivating a construction project's performance, pace of work, and outcome.

We play a key role in projects involving multitasking activities by providing end-to-end services, right from their start to completion.

The thoughts of practicality and producing a win-win situation comprise the key factors at any point of the project sequence. Caring for the client's necessities is equally important for us.

We trust our scope of services might be broad; we believe that the whole contribution is much more important than the specific parts.

IVPS Infra is a true EPC Consultant partner, working with our customers to create complete custom-made solutions that attain the best results for their needs.

PROJECT PORTFOLIO

VALUE OF WORK

137 LACS

Design and drawing vetting of Hydro-Mechanical works for Jigaon Dam project in association with IIT, Delhi.

VALUE OF WORK

200 LACS

Preparation of DPR and other associated work Rural water supply projects of 350 villages at Jhangirganj, Ramnagar, Katehari and Bhati Blocks of Akbarpur, Dist. Ambedkar Nagar, U.P.

VALUE OF WORK

50 LACS

Design Engineering and Project Management Consulting work of Aqueduct / Syphon on Tamas river for main canal of Teonthar Flow Irrigation Scheme.

VALUE OF WORK

75 LACS

Preparation of DPR and other associated work of rural water supply projects of 100 Villages at Dist. Amroha, U.P.

PROJECT PORTFOLIO

VALUE OF WORK

500 LACS

Detail design & drawings work and its approval from IIT, Delhi for 1860 Nos. Over Head Tank of Rural water supply projects at Ambedkar Nagar, Sultanpur, Raebareli and Bijnor Dist.,U.P.

VALUE OF WORK

500 LACS

Project Management Consultancy for Construction of Nam Xang Dam Project at LAO PDR.

VALUE OF WORK

100 LACS

Design Engineering and Project Management Consultancy work of Pench Dam Basin by lifting & delivering at farmer field @ duty 0.36 litre/sec/hectare through pressurized pipe line system for Micro-irrigation in culvertable command area of 10300 Hectare out of gross command area of nearly 17150 Hectare for Jamunia Micro Irrigation System.

VALUE OF WORK

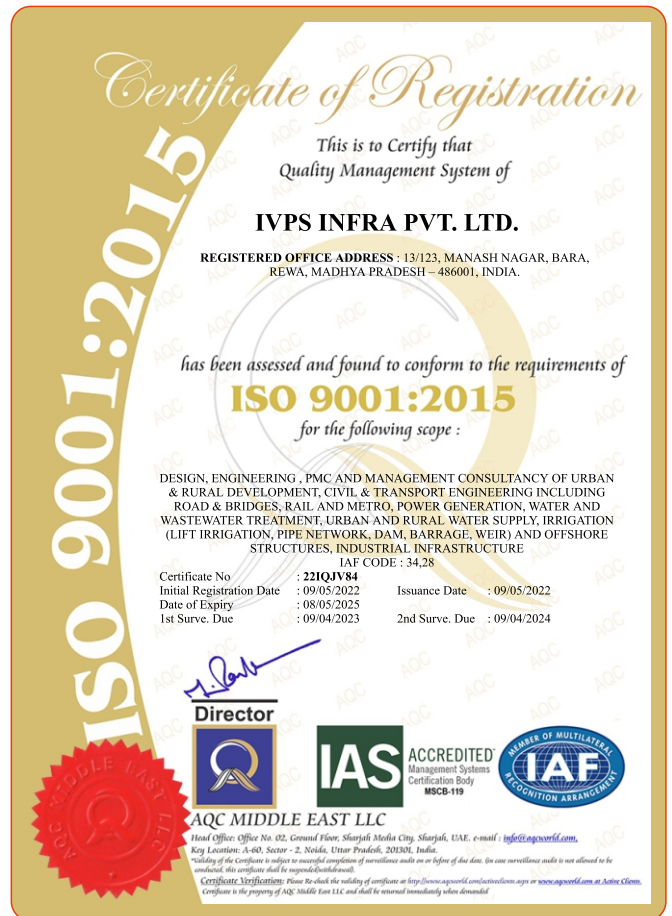

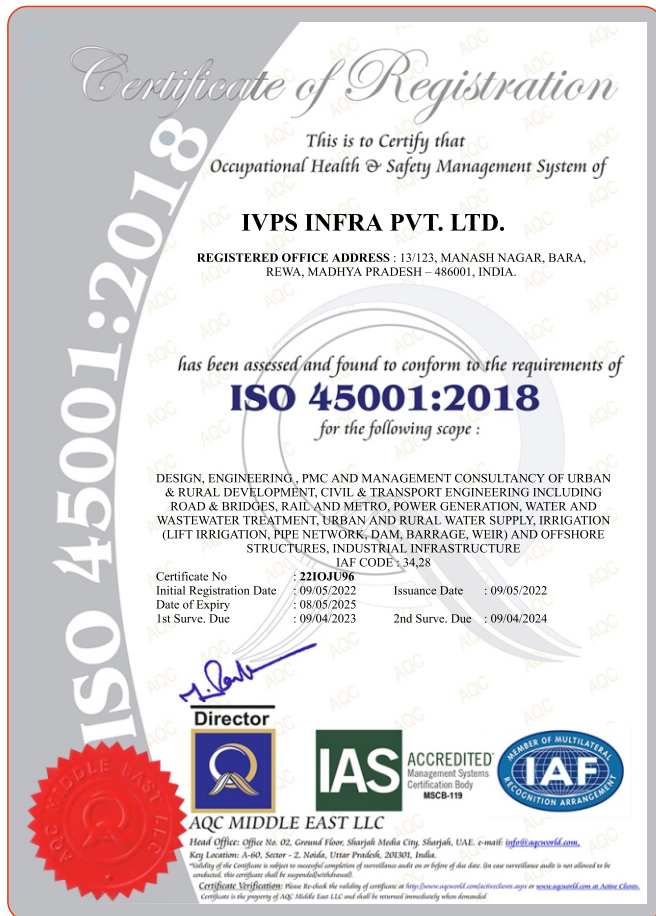

75 LACS

Design Engineering and Project Management Consulting work of Pipe canal system to supply water through the Rising/Gravity Mains by pressurized pipe line system for Micro Irrigation to deliver at farmer field upto 1 Hectare with a duty of 0.35 Litre/sec/hectare and maintain up to 30 Hectare chak, keeping the discharge of minimum 10 times the duty at 1 Hectare and at least 20 meter residual head at each 1 Hectare chak for Kadan Micro Pressurized Irrigation.
